

National Science Day 2025

To commemorate the Revolutionary
Discovery of the Raman Effect

One Day Seminar on National Science Day Organized by IQAC, Chakdaha College

The theme of National Science Day (NSD) 2025 in India is "Empowering Indian Youth for Global Leadership in Science and Innovation for Viksit Bharat". The theme is chosen to highlight the role of young scientists in driving India's progress. NSD is celebrated on February 28 every year to honour the discovery of the Raman Effect by Dr. C.V. Raman. The event aims to encourage scientific innovation, curiosity, and awareness among the students. In the spirit of this day, Chakdaha College is organizing various activity with the objective to create enthusiasm among College students and to inculcate scientific temper among the students.

Date and Time: 28th February, 2025, 12 PM-3.15 PM

Venue: Chakdaha College, Chakdaha, Nadia

Events:

- Scientific Lecture by Eminent Academician
- Interactive Discussions between Scientists and Students
